

ChoiceView™ : TWO-WAY Visuals with Voice for Hotel Sales & Service

“Wow, now I see what you’re talking about!”™

1. Customer calls hotel to book a room from his mobile device. Live agent shares photo of standard room while discussing features.

2. Customer wants more features. Agent offers special deal on deluxe room & closes the upgraded sale. Customer saves receipt in ‘History.’

3. Customer asks about nearby restaurants. Agent sends list. Happy customer saves in ‘History.’

BENEFITS: Upgraded rooms are quickly booked with better customer service and satisfied customers.

SAMPLE ROI: Hotel pays \$1,188/mo to equip and maintain 10-agent seat call center with ChoiceView and reaps \$4M in benefits over 5 years from additional revenue and reduced costs.
